

Village of River Forest Electricity Aggregation Program

Electricity Supply Price

mc² Electricity Price

6.69 cents per kWh

A fixed electric supply price, measured in cents per kWh. It will begin on the next meter read date after ComEd processes your enrollment and continue until the meter read date in September 2016.

In March 2012, residents of River Forest approved a referendum authorizing community leaders to buy electricity in bulk from a supplier other than ComEd. The Village has currently selected MC Squared Energy Services, LLC (mc²), to provide electricity supply services to their residents through September 2016. ***As a new resident of River Forest, you are eligible to participate in the River Forest Electricity Aggregation Program.***

What is electricity aggregation?

On August 10, 2009, Governor Quinn signed into law Public Act 096-0176, which allows municipalities to arrange for the provision of electricity to residential and small commercial retail customers by alternative electric suppliers (i.e. suppliers other than ComEd). Under this law, the municipality may seek bids for the provision of aggregate electricity supply services to their residents and small businesses, in hopes that the selected rate will be lower than the standard rate offered by ComEd.

Who is eligible to participate?

Eligible residential requirements: All residents located in the Village of River Forest that are currently receiving electricity supply service from ComEd or an alternate supplier are eligible to participate.

Eligible business requirements: All small businesses located in the Village of River Forest that are currently receiving electricity supply service from ComEd or an alternate supplier, with an annual usage 15,000 kWh or less are eligible to participate.

Opt-In exceptions: All residents located in the Village of River Forest that currently receive service under the following rates are eligible to Opt-In to the program.

- ComEd's Hourly Rate
- Retail Electric Service
- New Residents

To Opt-In to the program, call mc² at 1-855-259-1179.

What will change on my electricity bill?

You will continue to receive a single bill from ComEd on a monthly basis. mc² charges for electricity supply and transmission services will be included in the "Supply" portion of your ComEd bill. ComEd will continue to bill you for distribution services and taxes. Payments should still be sent to ComEd at the address provided by the utility.

Village of River Forest Electricity Aggregation Program

What is the toll-free number for questions?

If you have any questions, you can call mc² toll-free at 1-855-259-1179, Monday through Friday, from 8 a.m. to 5 p.m., or email your questions to RiverForest@mc2energyservices.com

How do I enroll?

All eligible residents and small businesses can “Opt-In” to the program by calling 1-855-259-1179.

Will I receive confirmation of my switch to mc²?

ComEd will mail you a confirmation letter indicating they have received notice of your switch to mc² as your electricity supplier.

Will my electricity service be disrupted when I switch?

No, there will be no disruption in service. You will continue to receive the same electric service through the same transmission and distribution system currently operated by ComEd. The switch to mc² is seamless.

What if my power goes out – who do I call?

ComEd is responsible for ensuring that electricity flows through its distribution network to all homes and businesses. Being a member of an electricity aggregation program does not change how ComEd responds to outages. ComEd continues to be responsible for the wires, poles, and all emergencies, including outage restoration. All service issues, including power outages, should still be reported to ComEd at 1-800-334-7661.

Is there an early termination fee?

No. However, you will be obligated to pay for services rendered under the contract until service is terminated.

What if I have already switched to an Alternative Retail Electricity Supplier (ARES)?

If you have already switched to an Alternative Retail Electricity Supplier (ARES), you can still Opt-In to the program by calling mc² at 1-855-259-1179. You will need to provide your account number, name, address and phone. Please note that you may also be subject to early termination fees or other restrictions by your current provider. You should check with your current provider to better understand any restrictions or policies that might apply.

Who is MC Squared Energy Services, LLC?

mc² has been a licensed Alternative Retail Electricity Supplier (ARES) in the State of Illinois since March 2009, marketing to residential and commercial customers in Illinois. mc² is a wholly owned subsidiary of Wolverine Holdings (“Wolverine”). For more information on the company, including a leadership-team profile, please visit our website at www.mc2energyservices.com.
