Message from the Village President

Dear River Forest Residents,

Welcome to December! The best part of the holiday season is remembering those who make it meaningful. On behalf of the Village Board, I'd like to say thank you to the countless volunteers who contribute to the prosperity of this community. It has been another successful year in River Forest and I'd like to highlight some of this year's accomplishments.

Through excellent staff and enthusiastic commission volunteers we accomplished many of the goals that the Board of Trustees and I set last year. I discussed these in my annual State of the Village report, the second I have delivered since becoming your Village President. To hear my speech in its entirety, please [click here](#) or [click here](#) to read it.

Each success, and everything else we do in Village government, aligns with one of four overall objectives:

- Providing for a safe community for our residents.
- Ensuring a financially stable and effective government.
- Increasing property values for our taxpayers.
- Stabilizing our property taxes.

We continue to balance the Village's budget every fiscal year thanks, in large part, to a diligent staff that is committed to keeping expenses down. Our Village continues to receive acknowledgement and awards from the financial community for our fiscal policies. Our bonds are rated AAA, the highest rating possible.

The Village Board's priority this year has been economic development, and a number of projects have begun or are in the works that will bring in new revenue, strengthen our property values and stabilize property taxes. In the long run, this objective

will benefit River Forest as a whole for years to come.

As promised, we will be wrapping up another important Board goal - the Northside Stormwater Management project. The largest infrastructure project in River Forest history is on time and on budget. We would like to thank the staff, the people who worked on this project and of course, you, the residents, for your patience and understanding while this long-planned effort became a reality.

We accomplished several other goals this year which will add to the value of our homes and quality of life. These efforts come as a result of building partnerships with School District 90, the Park District, Dominican University and the Village of Forest Park. We hope by this time next year the collaboration efforts among all of our units of government will draw ideas or solutions to some of the most pressing issues facing our community.

We are looking ahead next year to building on our economic development successes by reinvigorating Madison Street and North Avenue, updating the Village's comprehensive plan, enhancing the Village's communication efforts and continuing to collaborate with other taxing bodies. You will be hearing a lot more about what government will be doing for you in the coming months.

The holiday shopping season is upon us and, as you make your gift purchases, please consider shopping locally and supporting River Forest businesses. I also encourage you to view the trees decorated by our local merchants on Lake Street near Lathrop Avenue across from [River Forest Chocolates](#).

As a convenience to residents and guests, River Forest will again lift its overnight parking ban from Friday, Dec. 18 at 12:01 a.m. through Monday, Jan. 4 at 12:01 a.m. Overnight waivers will not be required during this period. Please check the Village's [website](#) for additional details on this and other parking information.

If you haven't heard, the Secretary of State's Office will not mail vehicle registration reminder notices because of the budget impasse in Springfield. You can sign-up on the Secretary of State's website to have your notice emailed to you and you can renew your registration [online](#). Drivers with expired registration stickers could be stopped and ticketed by police so don't be caught off guard!

On behalf of the Board of Trustees, the administration and staff, I wish you a very happy and healthy holiday season and a warm and joyous New Year.

Sincerely,
Cathy Adduci

Package Theft --- 'Tis the Season

Historically, November and December are the months when the Chicagoland area experiences an uptick in reports of delivered packages being stolen from the homes to which they are delivered, and River Forest is no exception. If you are having packages delivered to your home, here are some tips to avoid becoming a victim of package theft:

[Back to Top](#)

- If possible, have packages delivered to your workplace.

- Have packages delivered to a place where they can be received in person, such as the home of a trusted neighbor who stays home during the day, or a retired relative.
- Request the shipper require a signature confirmation or hold your package at their pick-up facility so you can pick it up in person at your convenience.
- If available, request store delivery.
- Request a specific delivery date and time from the shipper when you know you will be home.
- Provide delivery instructions to the shipper so that packages can be left at a safe location at your home that is out of sight from the street.
- Sign up for delivery alerts from the shipper.

Keep the Wreath Red

As we approach the holiday season, the Village of River Forest Fire Department would like to remind you to keep your holiday safe and happy. The Fire Department will once again team up with the Illinois Fire Chiefs Association and neighboring fire departments in the "Keep the Wreath Red" program. This year, the program will run from Monday, December 1st through Monday, January 5, 2015.

"Keep the Wreath Red" is a holiday fire safety program designed to increase fire safety awareness. In the event of a holiday-related fire, firefighters will replace one of the red bulbs with a white one. The goal is to keep the bulbs on that wreath red.

Know the Code!

With snow making an early arrival this year, the Village would like to remind you:

- Village code requires residents and business owners to remove snow and ice from sidewalks in

front of and adjacent to their property within 24 hours after an event.

- Snow or ice frozen on sidewalks that cannot be removed without injury to the pavement should be treated with an abrasive material until weather permits further clean-up.
- Parking on Village streets is prohibited after snow exceeds 2 inches in depth, and for an 8 hour period following the cessation of the snowfall.
- Snow removal contractors are prohibited from using snow blowers between the hours of 1 a.m. and 5 a.m.
- The placement of snow or ice on any Village owned street, alley or sidewalk is prohibited.
